CANNOT BE DRAINED

Lake Washington Must Remain as Nature Made It.

INSTRUCTIONS GIVEN

Attorney General of the United States Directs That Injunction Proceedings Be at Once Instituted in Matter.

Sanford, Fla., Feb. 2.—United States District Attorney Stripling received instructions by letter from Attorney General Knox to institute at once injunction proceedings against George W. Hopkins to restrain that gentleman from draining Lake Washington, at the head of St. Johns river, into the Indian river by a canal through Elbow creek.

Last November application was made for government sanction for the drainage of Lake Washington, which, it is claimed, is not drained by the St. Johns river except in time of high water. A canal was to be cut to the Atlantic coast, which is only a few miles distant. The announcement created great discussion at points down the St. Johns river, and the Jacksonville board of trade made active efforts to prevent permission for cutting the canal. The case is to be brought before Judge Locke at an early date.

ON GUARD.

Connecticut Military Companies Protect Cars at Waterbury.

Waterbury, Conn., Feb. 2.—With companies of the First and Second regiments of the Connecticut National guard quartered in various parts of the city ready for an emergency call on account of the trolley strike situation, the Connecticut Railroad and Lighting company officials reopened their lines for business this morning.

The first car was sent from the barns at 5:30 and traffic was soon under way on all lines. There were few passengers on the early cars.

One company of the National guard was sent to Naugatuck and is doing duty there at the end of the car line from this city.

Alexander Winthrop, a non-union motorman, who was pulled from his car and beat and trampled on by mobs Saturday night, is reported in a serious condition. Physicians fear he is internally injured. Eight other non-union motormen and conductors are at the car barns suffering from injuries received Saturday night. All of them have wounds caused by a fusillade of stones and pieces of flying glass.

PREFERRED PAYMENTS.

This Matter Is Now Before the Powers and Awaits Answers.

Washington, Feb. 2.—Minister Bowen is willing that the allied powers shall receive preferential payments of their claims against Venezuela for a period of one month, provided they accept the remainder of his proposition, and agree to an immediate lifting of the blockade. He informed representatives of the allied powers here to this effect several days ago, but has not yet received an answer.

This important fact was developed by the announcement from another quarter that the allies might be induced to modify their demand that they be paid before other claimant nations to the extent of contenting themselves with preferred treatment for six months or perhaps a year.

The situation is somewhat complicated by the action of President Castro in cabling to Washington that he desires that all claimant nations be accorded the same treatment.

This message from President Castro was received in Washington Sunday, and Mr. Bowen will at once acquaint the allies with its purport.

PROTESTS MADE.

New York, Feb. 2.—The members of the American, French and Spanish colonies have held a meeting, says a Herald dispatch from Caracas, and addressed protests to their legations against the outrageous proposal of the blockading powers that "the United States should be the tool of Germany." The French colony declared that "France cannot agree that, in the bankruptcy of Venezuela, Germany should receive special treatment on a loan which is comparative only to the Mme. Humbert loan."

Another Defeat.

New York, Feb. 2.—President Castro's troops have, says the correspondent of the Herald at Willemstad, island of Curacao, met with defeat at the hands of the Venezuelan revolutionists at a point forty miles south of Caracas.

Fourth Passed Through.

Constantinople, Feb. 2.—The fourth Russian torpedo boat passed through the Dardanelles.

JEFFERSON'S MEMORY

The Sage of Monticello to Be Remembered at Capital.

AN APPEAL TO NATION

The Association, Through Its President, Admiral Dewey, Requests That All Citizens Contribute to the Cause.

Washington, Feb. 2.—The Thomas Jefferson Memorial association, organized for the purpose of erecting at the national capital an appropriate and truly national memorial to the "author of the Declaration of Independence," through its president, Admiral George Dewey, has issued an appeal to the American people for funds to carry out the object of the association. The text of the appeal is as follows:

"Headquarters the Thomas Jefferson Memorial association has been organized to take the long neglected duty of erecting a fitting memorial to the memory of the man who wrote the Declaration of Independence.

"We have here beautiful and costly tributes to the memory of American soldiers, sailors, statesmen, physicians, inventors and philanthropists; and the soldiers and sailors of France are honored, but there is not one tablet to the memory of that great American, Thomas Jefferson.

"We ask the people to contribute according to their ability to this memorial.

"The character and cost of the proposed memorial cannot now be stated. Rigid economy will be observed in the expenses of carrying on the work.

"Every contributor will receive a certificate acknowledging his subscription and carrying with it membership in the association. In time to come these will be 'badges of honor.'

"Contributions, checks, money orders or drafts should be made payable to the order of the treasurer of the association, Mr. Jesse B. Wilson, president of the Lincoln National bank. Communications addressed to the secretary, W. S. McKean, will receive prompt and respectful attention.

"GEORGE DEWEY,

Admiral of the Navy, President."

The association is now complete in its list of officers, every state being represented by a vice president and in some cases by a representative on the board of governors, these controlling the body. No great movement of a similar character in this country, it is claimed, has as its officers more men of national character and influence than this organization. The association, it is stated, is thoroughly non-partisan, the design being merely to raise a memorial to Mr. Jefferson as writer of the Declaration of Independence.

NEW LINES.

A Couple of Them Have Been Opened Up for Business.

Kansas City, Feb. 2.—The St. Louis and San Francisco road has opened two new lines to traffic, one between O'Keene, Oklahoma and Vernon, Tex., and the other between Lawton and Snyder, Okla., the latter terminus having been named after Bryan Snyder, passenger traffic manager of the road. This latter line is to be further extended to Quanah, Tex., on the Fort Worth and Denver City railroad, although passenger service from Kansas City will be started at once over both lines. The road which has been extended to Vernon connects with the Kansas line of the Frisco system 150 miles west of the Missouri state line and was known before its acquisition as the Blackwell, Enid and Southwestern railroad.

EQUAL TREATMENT.

This Is What President Castro Says "His Government Wishes.

Caracas, Feb. 2.—In reply to Minister Bowen's inquiry as to what Venezuela intends to do regarding the demand for preferential treatment made by the allies, President Castro has telegraphed:

"The Venezuelan government desires equal treatment for all creditor nations in Europe and America, keeping in mind, in addition, its diplomatic conventions and anterior stipulations."

January Death List.

Mazatlan, Mex., Feb. 2.—There were two deaths from the plague Sunday. The people in the refuge shed number 190. There were 165 deaths in January from the plague. A number of the sanitary police took a guitar from the house of a plague patient and is now gravely ill of the same disease.

Miles Dined With the King.

London, Feb. 2.—General Miles was the guest of the king and queen at dinner at Windsor castle Sunday night. The Prince and Princess of Wales and others were among the party.

BRYAN, TEXAS, FEB 3, 1903

The vast amount of imposition and buncombe in the claims of the allies against poor little Venezuela is shown by the fact that Italy's claim includes the following items, according to the press dispatches: \$500 for 50 chickens; \$400 for a horse, and \$200 for two donkeys.

Gen. Booth, the head of the Salvation army, and hale and hearty at 73 years of age, was in Dallas the past week and said in an interview that more people die from overeating than from drinking, adding with striking emphasis, "They dig their graves with their teeth."

A Texas farmer decided to sell his place, and got a real estate agent to write a notice. When he read the notice to him he said: "Read that again." After the second reading he said: "I believe I'll not sell; I've been looking for a place like that kind all my life, and didn't know that I had it until you described it to me."

Postmasters hereafter will not be permitted to rent boxes to minors without the written consent of their parents. The order was made by the postoffice department to correct an abuse growing out of the fact that minor girls rent boxes and open up a correspondence with outside parties and in that way keep the correspondence a secret from their parents. This is a good ruling and will doubtless put a stop to much flirtation.—El Campo News.

Why Not at Bryan.

The following is a special to the Galveston News from Marlin:

Free mail delivery for Marlin has been taken up by Postmaster Elam with Congressman Henry and the department at Washington. The receipts of the Marlin post-office amount to more than \$8000 annually and under the rules and regulations of the postal service cities and towns where the post-office receipts amount to \$5000 annually free deliveries may be established, hence there remains nothing in the way of Marlin being extended this service.

Why cannot Bryan get this convenience? We suppose it must be only because we do not start the matter, if the foregoing statement is correct.

I am trying to run the Record to suit myself. I firmly believe in God, the angels, hell and Democracy as laid down in the Bible. I believe one good preacher is worth more to the peace of a community than a regiment of constables; on the other hand I believe that one bad preacher can raise more hell in a community than 30 polecats and a summer pop camp meeting. I believe the man who subscribes for a paper and reads it for three years and seven months and then tells the postmaster to stop it without paying for it is a liar and a horse thief. Those who do not believe as I do have a right to believe what they please.—Sterling County Recorder.

The building that the Texas World's Fair Commission purposes to erect at St. Louis will be a symbol of Texas. The building itself will be a huge five-pointed star, and the stellar effect has been so dexterously worked out in every detail of construction that the whole might be called a constellation, the nebula of smaller stars clustering around the Lone Star of Texas in whatever nook or corner of the building one may be.

NEGROES BREAK JAIL.

Three of Them Got Away Sunday Night—Jail in Bad Shape.

Three negroes, Clark Hudson and Kid Williams, charged with burglary, and Will Wright, charged with theft of cotton, broke jail here Saturday night and made their escape. The cage in the jail is made with upper and lower rows of cells, having no connection, but with corridors in front of each. White men are kept above and the negroes below. The cross iron or bars at the bottom of the lower corridor are old and apparently rotten, and escape was effected by breaking one of these pieces of iron out with a portion of a yellow pine plank. This permitted a small man, presumably Hudson, to crawl out into the run-around. With the same piece of plank he then pried open the door of the box holding the lock and liberated the other two negroes. This iron box was broken open several years ago during an assault on the jail, and has never been in good repair since. An effort to liberate the white men confined above was unsuccessful, the box containing the lock being in good shape. The three negroes then dug a large hole through the brick wall of the jail and escaped.

A fourth negro, confined in the

jail on a petty charge, got out but did not run away. Deputy Sheriff Reed, who was asleep upstairs, said he was unable to hear any noise the prisoners may have made in their efforts to escape, owing to the noise continually kept up by a negro confined upstairs.

Carpenters and Joiners on a Strike.

Constantinople, Feb. 2.—The porte has suppressed the recently formed Macedonian reforms commission.

Was to Have Been Married.

Butte, Mont., Feb. 2.—William Winters, a prominent citizen, shot himself, dying instantly. He was to have been married that night.

Not Yet Received.

London, Feb. 2.—The answer of Venezuela to the rejection by the allied powers of her proposal to treat on an equality claims of all nations without giving the allied powers the preference has not yet been received, nor has any definite counter proposal been made. It is not anticipated here that negotiations looking to a compromise, which are now going on in Washington, will reach a head in a day or two.

FOUGHT HARD.

It Required Great Determination to Defeat the Pretender.

Tangier, Feb. 2.—Details of the sultan's victory Thursday over the forces of the pretender, Bu Hammara, show the battle was stubbornly contested and the former's success was largely due to the co-operation at a critical moment of the Beni Curein tribe, whose defection from the rebels the sultan has previously purchased. The artillery of the imperial forces, which was commanded by Minister of War El Menebbi, consisted of eight Maxims and four Krupps. The sultan's troops opened the attack early in the morning, and shortly afterwards the pretender's camp was assailed in the rear by the Beni forces. In spite of the surprise and disadvantages of the position the rebels stubbornly maintained the ground and desperate fighting continued for three hours. The slaughter was very great.

The remnants of the rebel army then abandoned camp and fled in the direction of Tazab. The imperial troops pursued the fugitives, and if Bu Hammara is not among the slain his capture is confidently expected.

El Menebbi is pushing on towards Tazab with the object of entirely crushing the rebellion, and is punishing disloyal tribes. He reports he found the rebels much more numerous than expected, but he captured all their war munitions.

There is great rejoicing at Fez as a result of the victory of the sultan's forces.

MILES PLEASED.

He Expresses Gratification Over His Visit to King Edward.

London, Feb. 2.—Lieutenant General Miles, who returned here from Windsor, said to a representative of the Associated Press: "The king received me most cordially and recalled pleasant memories of our visit here at the time of the jubilee and spoke friendly in the far east, on which subject I was able to give him information. Altogether it was a most pleasant visit. The king said he hoped the Prince and Princess of Wales would be able to visit America. Nothing, however, was definitely settled."

General Miles declined to discuss either the Venezuelan or Philippine questions. By what general terms a mistake on the part of somebody here? Mrs. Miles was not invited to Windsor castle.

Recommend Rejection.

Washington, Feb. 2.—The senate judiciary committee agreed to recommend that the nomination of William Byrne for United States district attorney of Delaware be rejected. This action was taken after quite an extended discussion. The ground for the action of the committee was the connection of Byrne with Delaware politics. It was agreed to delay the report in order to give the president an opportunity to withdraw the nomination.

Consolidation Not Anticipated.

San Francisco, Feb. 2.—Max Pam of New York, chairman of the executive committee of the United States Steel Ship Building company, arrived here to join President Lewis Nixon and other officials of the company, who come to inspect the plant of the Union Iron works, which is owned by the corporation. He says he does not think there will be any consolidation between the United States Shipbuilding company and the United States Steel company.

Long Improving.

Boston, Feb. 2.—The condition of former Secretary of the Navy John D. Long shows continued improvement and is in every way satisfactory to the physicians. His family physician, Dr. J. Winthrop Spooner, said Mr. Long was more rational in mind.

"Spy Oak" Condemned.

New York, Feb. 2.—"Spy oak," said to be the largest tree in New York state, standing on Pelham road, Westchester, has been condemned as unsafe, and probably will be cut down, it having become hollow and in danger of falling. It is said many spies and deserters were hanged from its branches in Revolutionary times.

Georgians at Governor.

London, Feb. 2.—The melting of snow has caused extensive floods and serious damage in Scotland.

At a conference of the members
of the First Baptist church after
the morning service Sunday morning
the matter of building a new church
was discussed at some length, and it
was the unanimous sentiment that a
new church shall be built. Definite
action was deferred until another
meeting. The Eagle is glad to see
this step taken by the Baptist con-
gregation. There is nothing that so
improves a town and impresses
strangers as handsome and well ap-
pointed places of worship.

Five hundred and four persons
paid the city poll tax and are qual-
ified to vote in the next city election.
The normal vote of the city is about
750. As stated in the Eagle Sunday
morning, the number of poll tax
receipts issued in the county was
1450 against a normal vote of 8500.
There were 275 polls paid Saturday,
the last day. The time for the pay-
ment of property tax without the
penalty having been extended, some
persons paid the poll tax independ-
ently.

The date for the opening of the
new Methodist church has been ex-
tended to Feb. 8, at which time
Bishop Hoss of Nashville will be
present and officiate. The church is
now receiving the finishing touches
and will in a few days be ready for
the pipe organ, seats and other fur-

CALL AND SEE ABOUT IT

LOWE STAR BUILDING.

It will be a Unique Structure and Com-
mendable Attraction.

Austin, Tex., Feb. 2.—The building
for the Texas World's Fair commis-
sion intends erecting at St. Louis will
be in the shape of a five-pointed star,
and the stellar effect has been so de-
tailed and worked out in every detail
that the whole might be called a con-
stellation of smaller stars clustered
around the Lone Star of Texas. The
idea was suggested by Louis J. Worth-
am, general manager of the commis-
sion.

The model itself is a wonderful ex-
ample of constructive ingenuity. It is
from the ground to the tip of the
star held above the dome three feet
nine inches, and from opposite points
between the extreme points of star it
plete, even to the most minute detail
of construction, so that the idea to
be got of the finished building is not
only a comprehensive one, but a per-
fect one.

What one might call the stellar mo-
tif has not been departed from in a
single instance. Approaching the
building one is confronted by an im-
mense five-pointed star, surmounted
by a dome whose highest point will
be 120 feet above the ground line. Be-
tween the extreme points of star it
will be of staff, and the building will
be two stories in height. Running up
in a graceful curve from the second
story will be a hipped or convex
roof, gathered at the base of the dome,
which will rise thirty-five feet from
the topmost point of the roof. The
whole structure will be a massive one,
indicative of the immensity of Tex-
as.

POLL TAX.

In Some of the Counties a Great Many
Were Secured.

Austin, Feb. 2.—Returns in regard to
poll tax receipts come in slowly. John-
son county shows an excess over the
vote for Governor Lanham. In Dallas
county there were about 13,000 receipts
received. In the western and south-
western counties there appears to have
been little interest. Rusk and Bexar
counties report much interest and many
receipts.

Rockport, Tex., Feb. 2.—In a resta-
urant here Francisco Rodriguez was
shot and killed. Daniel Marchan gave
himself up.

Largest Dome.

St. Louis, Feb. 2.—The plans for
the festival hall of the Louisiana Pur-
chase exposition have been submitted,
showing the dome will be the largest
in the world, excelling in size those of
St. Peter's cathedral and the Panthe-
on at Rome.

MRS. IDA McDONALD,

Supreme Deputy of the Maccabees of the World.

MR. McDONALD,
No. 477 Beaubien
Street, Detroit,
Mich., is a prom-
inent woman who was
greatly benefited by the
great woman's medicine,
Wine of Cardui. Mrs.
McDonald is the supreme
deputy of the Maccabees
of the World, and one of
the most widely known
women in the United
States. Thousands of women gather to
hear her lecture everywhere she goes.
The great work she has done for the
Maccabees is appreciated by every
member of the order. She was so ab-
sorbed in her work that she neglected
to give her health proper care—failed
to take warning that the symptoms of
approaching kidney trouble gave her,
the sallow complexion and torpid liver.
But Wine of Cardui cured her the same
as it has cured thousands of others and
Mrs. McDonald has written this letter in
order that other suffering women may
secure from Wine of Cardui the same
relief she got from it.

Mrs. Ida McDonald.

that I must do some
to regain my health
friend advocated your
of Cardui treatment so
strongly that I decided to
try it, although I had little
faith in patent medicines.
I am now very thankful that
I did so, for within ten days
blessed relief came to me,
and in less than three
months I was cured, and
have enjoyed fine health
ever since. I know there is nothing better
for a sick woman who wishes to enjoy per-
fect health and am very pleased to give my
heartily endorsement."

No suffering woman can afford to
ignore such a letter as Mrs. McDonald
writes. Her plans and advice have
proved valuable in building up one of
the greatest women's organizations in
the United States and she takes time to
give advice which she knows will help
you.

Do not delay in securing this medi-
cine. There is nothing to gain and
everything to lose by delay. The choice
is before you. Will or will you not
secure relief now by taking Wine of
Cardui? All druggists sell \$1.00 bottles
of Wine of Cardui as well as 25c pack-
ages of Theford's Black-Draught.

THE ANNUAL EVENT OF TWO NATIONS

Yaqui-George Washington The "Laredo's"

Some years since the citizens of Laredo, Texas and New Laredo, Mexico, conceived the idea of fittingly celebrating George Washington's Birthday (February 22) by suitable "Mexican-American" fiestas and parades, and from a small source this has grown to a MAGNIFICENT ANNUAL EVENT unsurpassed in its splendid surroundings and interesting particulars by anything of a similar nature.

International in its character, located on the border line between the Great Republics, occurring at a season of the year when business cares press lightly, and at a time when weather conditions in that locality are ideal, this event offers unsurpassed inducements to the pleasure seeker.

This year the festivities, will consist of two days continuous festivities, February 22nd and 23rd, and the program, which is very elaborate, will comprise many new and interesting features among which may be mentioned Famous Spanish Bull Fights, Grand Cattle Roping Contests, torchlight parades, embodying typical Mexican and Indian features. Naval fire works, Sham Battle and Capture of the city by the Indians, Military drills and display Evolutions, Historical Pageants and Trades Display, Flower carnival, band and musical contests, etc.

For this occasion low excursion rates will be in effect to Laredo, also for the benefit of those who desire to see more of Mexican life and customs, arrangements have been made for sale of excursion tickets to MONTEREY, MEXICO with ten (10) day's limit, permitting stop-over at Laredo in order to witness the International celebration.

ST. PAUL ARRIVES.

The American Liner Had a Rough Trip Across the Atlantic.

New York, Feb. 2.—The American liner St. Paul arrived from Southampton and Cherbourg, having been delayed by extremely bad weather. The steamer left Southampton at noon Jan. 24 and soon after a crack was found in one of her cylinder caps. The defect proved so serious that Captain Jamison decided to have it repaired before proceeding on the voyage. After a delay of ten hours the engineer made necessary repairs and the steamship got under way again, passing the Needles at 10:23 o'clock at night. The St. Paul arrived at Cherbourg at 1:47 o'clock on the morning of Jan. 25, too late to take on passengers. She, therefore, was obliged to wait till daylight, finally passing out of the harbor at 7:52 in the morning.

At the channel the steamer ran in stormy weather, which continued without cessation throughout.

Heavy southwest and west gales prevailed with southwesterly swells, making a very rough passage.

After leaving the quarantine station the St. Paul anchored off Tompkinsville, Staten Island, and displayed two black balls, indicating she was under command. She remained at anchor about twenty minutes, and then started for her pier.

Washington which stated that if the announcement that he would deliver an address during the session of the joint convention of county superintendents of public instruction for the state and the general educational board, had created dissatisfaction among the white people of Gainesville, he would cancel his engagement. He asked the mayor to inform him as to the real sentiment of the white people. In reply Mayor Thomas wired that he had not sufficiently familiarized himself to the sentiment to express an opinion.

Attempt to Burn a School.

Ogden, Utah, Feb. 2.—An attempt was made Sunday to burn state reform school which contains about 150 inmates. Stabbed to Death.

Maysville, Ky., Feb. 2.—Chas. Duncan was stabbed to death here. Henry Lightfoot is charged with the crime. A crowd of colored men entered Burk's saloon late in the night, among them Duncan and Lightfoot. Later Duncan fell to the floor. He had been stabbed three times. No one saw the deed done. THREE ADDRESSES.

General Booth Speaks to Immense Audiences at Dallas.

Dallas, Feb. 2.—General Booth, head of the Salvation Army, spoke three times Sunday at the opera house, each time to an immense audience. In the morning he spoke on "Serve the Lord with gladness. His afternoon address was "The Lessons of My Life."

General Booth took his text Sunday night from the seventeenth chapter of Luke, the thirty-second verse, telling of the warning of Lot and his family to leave the city of Sodom that was to be destroyed on the morrow. The general said, in the course of his sermon that his coming to Dallas was like the mission of Lot to warn and try to persuade his sons-in-law to flee from the city in that he came to warn the people to flee from sin.

When the old leader first made his appearance on the stage he was greeted with vigorous cheering. He said that he always felt when about to preach a sermon that maybe it would be his last chance to speak a word for his Master.

After the sermon Mr. Booth called upon penitents to come up and kneel down, ending his plea in this manner: "I came to Dallas expecting to reap a rich harvest. I hope I won't go away disappointed, broken-hearted. Come up, come up now. As was the message to Lot to leave Sodom and leave it now, so is the message to you to leave your sins and leave them now, leave behind your vanities, your selfishness and come to Christ."

While hymns were sung, six came up and knelt down at the penitents' bench, the way being led by a woman.

He reports that at daybreak last Thursday the army of the sultan commanded by the war minister El Menebi, attacked the pretender's position and inflicted a complete defeat of his following, at the same time capturing Bu Hamar.

Troops Called Out.
